REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to show or suggest a device comprising rails defining crossbars that are horizontally and vertically offset from one another and end plates attached to side edges of the crossbars, as specifically called for in the claimed combinations of claims 24 and 39.

It is noted that although the prior art, such as Speiser and Pushee, show tool holding devices comprising vertically and horizontally offset rails defining crossbars, and end plates attached to the crossbars, Speiser does not lack a base plate for supporting the lower end of the member, as called for in the claims, and Pushee does not have "opposed edges" as called for in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jennifer E. Novosad whose telephone number is (703)-305-2872. The examiner can normally be reached on Monday-Thursday, 5:30am-4:00pm.
